3. General remarks on the answers submitted by the institutions

As indicated in the methodology established by the Bank for answering this questionnaire (see circular), institutions should, for each of the questions included in this questionnaire, choose the answer option that is best suited to their internal organisation. The Bank acknowledges that the answer options defined by it do not always fully capture the actual situation within each institution. When choosing from the answer options available, it is therefore important to select an option that is a true reflection of the actual situation within your institution and that can be justified later on. In the text box below, you can formulate general remarks (limited to 2,000 characters) on the answers submitted by your institution. Please note that these general remarks are not taken into account in the initial, automated analysis of your institution's answers.

13. Rejected customers

Please provide the total number of persons or entities that fitted into your institution's customer acceptance policy but were rejected by your institution for AML/CFT-related reasons in 2022:	13.1.	[Not available] or [Number]
--	-------	-----------------------------

14. Numbered accounts

Note: numbered accounts are accounts of which only the account number appears on bank statements and not the name of the customer. As a result, only a small number of persons within the financial institution know the name of the account holder and the customer is guaranteed a certain amount of anonymity. However, numbered accounts should not be equated with anonymous accounts (accounts of which the holder has not been identified by the institution). Such anonymous accounts are prohibited.

The total number of your customers that have numbered accounts or numbered contracts as at 31/12/2022:	14.1.	[Not available] or [Number]
The total number of your customers for whom your institution opened numbered accounts or with whom it concluded a numbered contract in 2022:	14.2.	[Not available] or [Number]

15. Politically exposed persons (PEPs)

Note: when calculating the number of PEPs, you should not only include the number of PEP customers, but also the number of PEP agents of your customers, the number of PEP ultimate beneficial owners of your customers and the number of PEP ultimate beneficial owners of your customers' agents.

Total number of PEPs in your customer base:	15.1.	[Not available] or [Number]
