Publicatie van de 2014 statistieken

Dear All,

Please find attached to this mail message an ECB Press Release on the formal publication of the 2014 Payments Statistics.

The NBB team would like to express its deepest appreciation for the efforts made by the Belgian reporting agents in this first data collection round under the new ECB Regulation on Payments Statistics. The introduction of a new NBB reporting tool and the update of the overall methodology did render things labour intensive. Numerous bilateral discussions on clear definitions and scope prove that it was not an easy job. Many “lessons learned” have been noted, and they will be on the agenda of a follow-up meeting in December, during which the way forward for the next production round will be agreed. A specific invitation for this meeting will soon follow.
