Payments Statistics info

OneGate for 2016 payments data collection available in Production

The OneGate reporting tool for the 2016 Payments Statistics is available. The reporting agents can now upload the 2016 Payments Statistics data. The deadline for delivering the data to the NBB is Friday **28 April 2017!**

The reporting tool 2016 will allow comparison with the 2015 data in a separate “for information only” column. The 2015 data are not accessible as they are copied from the internal 2015 database.
