Changes in 2021

For the 2021 production round (data of 2020), the following changes have been made in OneGate:

- a. For Payment Institution, the two items 5004400 (Number of overnight deposits held by non-MFIs) and 5004500 (Value of overnight deposits held by non-MFIs) were greyed out as there are not applicable and should already be left empty in the past.
- b. For all, in tables 7B and 8B, sections c (Transactions at terminals provided by non-resident PSPs with cards issued by your institution), the items 7251600/825160 (POS transactions: Domestic), 7255000/8255000 (E-money card loading and unloading transactions: Domestic) and 7258400/8258400 (E-money payment transactions with cards with an e-money function: Domestic) are not greyed out anymore. Please note that these 3 items were already ungreyed just before the last production deadline following a request.
