Exploring the National Bank of Belgium's Museum ... via the internet

A new website has been set up in order to give you much wider access to the many resources of the Museum.

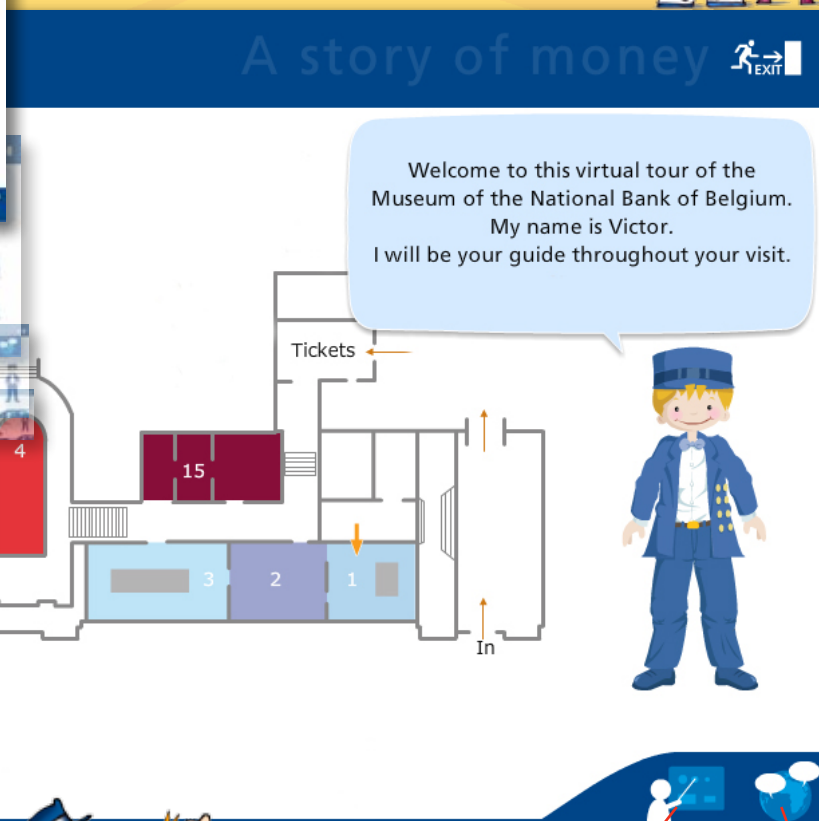

It gives you a chance to see all the new items on display, and find out **practical information** about the Museum, as well as special events. A **teachers' room** has been laid out, along with an online booking counter. You can not only see the **collections**, but there is also a **media gallery** offering a whole range of downloadable photos to help illustrate a presentation or a class.

The new website also offers **tag-based search**, as well as a **quiz** and a **virtual tour**.

Virtual tour of the Museum

Each room points up the key elements of the theme in question. You can check them out with a simple click of the mouse. Texts, photos, videos and cartoons will guide you through your visit.

Main themes covered:

- the history of means of payment;
- European monetary policy;
- the role of money in the economy;
- the major financial crises of the 20th century;
- money as a cultural phenomenon.

Language choice

Access to the **teachers' room**

For visitors' use:

- the educational pack;
- documentation for classroom use;
- links to on-line educational resources.
