

Annex 1 Organic Law⁽¹⁾

Art. 1. – This Law shall regulate a matter referred to in Article 78 of the Constitution.

Chapter I – Nature and objectives

Art. 2. – The National Bank of Belgium, in Dutch “Nationale Bank van België”, in French “Banque Nationale de Belgique”, in German “Belgische Nationalbank”, established by the Law of 5 May 1850, shall form an integral part of the European System of Central Banks, hereinafter referred to as ESCB, the Statute of which has been established by the Protocol relating to it and annexed to the Treaty establishing the European Community.

Furthermore, the Bank shall be governed by this Law, its own Statutes and, additionally, by the provisions relating to limited liability companies by shares [*sociétés anonymes – naamloze vennootschappen*]⁽²⁾.

Art. 3. – The Bank’s registered office shall be in Brussels.

The Bank shall establish outside offices in locations on Belgian territory where the need for them exists.

Art. 4. – The Bank’s share capital, which shall amount to ten million euro, shall be represented by four hundred thousand shares, of which two hundred thousand – registered and non-transferable – shall be subscribed by the Belgian State and two hundred thousand shall be

registered or dematerialised shares. The share capital shall be fully paid up.

Except for those belonging to the State, the shares may be converted into registered or dematerialised shares, free of charge, as the owner wishes.

Chapter II – Tasks and transactions

Art. 5. – 1. In order to achieve the objectives of the ESCB and to carry out its tasks, the Bank may:

- operate in the financial markets, by buying and selling outright (spot and forward), or under repurchase agreement or by lending or borrowing claims and marketable instruments expressed in Community or in non-Community currencies, as well as precious metals;
- conduct credit operations with credit institutions and other money market or capital market participants, with lending being based on adequate collateral.

2. The Bank shall comply with the general principles defined by the ECB for open market and credit operations, including those relating to announcement of the conditions under which such transactions are carried out.

Art. 6. – Within the limits and in accordance with the detailed terms and conditions adopted by the ECB, the Bank may also carry out, *inter alia*, the following transactions:

- 1° issue and redeem its own loan instruments;
- 2° accept deposits of securities and precious metals, undertake the redemption of securities and act on behalf of other parties in transactions in securities, other financial instruments and precious metals;

(1) Law of 22 February 1998 establishing the Organic Statute of the National Bank of Belgium (Unofficial coordinated translation, January 2018).

(2) The provisions on limited liability companies by shares do not apply to the National Bank of Belgium except:

1° in regard to matters which are not governed either by the provisions of Title VII of Part Three of the Treaty establishing the European Community and the Protocol on the Statute of the European System of Central Banks and of the European Central Bank, or by the above-mentioned Law of 22 February 1998 or the Statutes of the National Bank of Belgium; and

2° insofar as they are not in conflict with the provisions referred to in 1° (Article 141, § 1 of the Law of 2 August 2002 on the supervision of the financial sector and on financial services).

- 3° carry out transactions in interest-rate instruments;
- 4° carry out transactions in foreign currencies, gold or other precious metals;
- 5° carry out transactions with a view to the investment and financial management of its holdings of foreign currencies and of other external reserve elements;
- 6° obtain credit from foreign sources and provide guarantees for that purpose;
- 7° carry out transactions relating to European or international monetary cooperation.

Art. 7. – The Bank’s claims arising from credit transactions shall entail a preferential claim on all securities which the debtor holds in an account with the Bank or in its securities clearing system as his own assets.

This preferential claim shall have the same rank as the preferential claim of the creditor secured with a pledge. It takes precedence over the rights set out in Article 8, paragraph 3, of the Law of 2 January 1991 on the market in public debt securities and monetary policy instruments, Articles 12, paragraph 4, and 13, paragraph 4, of Royal Decree N° 62 on the deposit of fungible financial instruments and the settlement of transactions involving such instruments, as coordinated by the Royal Decree of 27 January 2004, and 471, paragraph 4, of the Company Code.

In the event of default on payment of the Bank’s claims referred to in the first paragraph, the Bank may, after notifying the debtor in writing that he is in default, take action automatically, without a prior court decision, to realise the securities on which it has a preferential claim, notwithstanding the possible bankruptcy of the debtor or any other situation in which there is concurrence as between his creditors. The Bank must endeavour to convert the securities into cash at the most advantageous price and as quickly as possible, account being taken of the volume of the transactions. The proceeds from this conversion into cash shall be allocated to the Bank’s claim in respect of principal, interest and costs, any balance remaining after settlement reverting to the debtor.

When the Bank accepts claims as a pledge, as soon as the pledge agreement has been entered into, it is noted in a register kept at the National Bank of Belgium or with a third party appointed for this purpose.

By being recorded in this register, which is not subject to any specific formalities, the National Bank of Belgium’s

pledge is given a firm date and becomes opposable *erga omnes*, with the exception of the debtor of the pledged claim.

The register may only be consulted by third parties who are considering acceptance of an *in rem* (collateral) right over claims which may be taken as a pledge by the National Bank of Belgium. Consultation of the register is governed by terms to be stipulated by the National Bank of Belgium.

In the event of insolvency proceedings being instituted, as set out in Article 3, paragraph 5 of the Law of 15 December 2004 relating to financial collateral and various tax provisions in relation to *in rem* collateral arrangements and loans relating to financial instruments, to the account of a credit institution having pledged claims to the National Bank of Belgium, the following provisions will apply:

a) the registered lien of the National Bank of Belgium on claims takes precedence of all other *in rem* collateral subsequently arranged or granted to third parties over the same claims, irrespective of whether or not the debtor of the pledged claims has been notified of the above-mentioned liens and whether or not the above-mentioned liens have been recognised by the debtor of the pledged claims; in the event that the National Bank of Belgium brings the pledge to the attention of the debtor of the pledged claim, the latter may now only make payment in full discharge to the National Bank of Belgium.

b) third parties acquiring a lien concurrent with that of the National Bank of Belgium, as described in the preceding paragraph, are obliged, in any event, to transfer to the National Bank of Belgium, without delay, the amounts which they have received from the debtor of the pledged claim upon insolvency proceedings being instituted. The National Bank of Belgium is entitled to demand payment of these amounts, without prejudice to its right to damages and interest.

c) notwithstanding any provision to the contrary, any set-off that could extinguish all or part of the claims pledged to the Bank or realised by it may not under any circumstances be invoked in relation to the Bank or third-party buyers in the event of realisation.

d) Article 8 of the Law of 15 December 2004 relating to financial collateral and various tax provisions in relation to *in rem* collateral arrangements and loans relating to financial instruments, shall apply by analogy to the taking of claims as a pledge by the National Bank of Belgium, the words “financial instruments” being replaced by “claims”.

e) the combined provisions of Articles 5 and 40 of the Law relating to mortgages (*Loi hypothécaire*) do not apply.

Art. 8. – § 1. The Bank shall ensure that the clearing, settlement and payment systems operate properly and shall make certain that they are efficient and sound, in accordance with this Law, specific laws and regulations and, where relevant, with the applicable European rules.

It may carry out all transactions or provide facilities for these purposes.

At the request of the Bank, the Minister of Finance and the Bank shall consult together whenever the latter considers that these loans are liable to prejudice the effectiveness of monetary or foreign exchange policy. The terms and conditions of this giving of information and this consultation shall be laid down in an agreement to be concluded between the Minister of Finance and the Bank, subject to approval of this agreement by the ECB.

To this end, the Bank shall notably have the powers that are attributed to it by this Law. The Bank shall offer its assistance to the competent authorities of the other Member States. In particular, it shall exchange information and cooperate with the other competent authorities in enquiries or supervisory activities including on-the-spot checks, even if the practices that are subject to an investigation or verification do not constitute a violation of any rules in Belgium. The Bank may also cooperate with the other competent authorities in order to facilitate the collection of fines.

2° The Bank shall immediately notify any information required for the purposes referred to in 1°. To this end, apart from the appropriate organisational measures for facilitating the correct execution of the cooperation referred to in 1°, the Bank shall immediately take the necessary measures to collect the information requested. As regards the competences referred to in this paragraph, when the Bank receives a request for an on-the-spot verification or for an enquiry, it shall follow this up within the limits of its powers

– by inspecting or investigating itself;

– by permitting the authority submitting the request or auditors or experts to carry out the inspection or investigation directly.

3° The information exchanged in the context of the cooperation is covered by the professional secrecy obligation referred to in Article 35. When it passes on information in the framework of such cooperation, the Bank may specify that this information cannot be disclosed without its express consent or can only be disclosed for purposes for which it has given its agreement. Likewise, when it receives information, the Bank must, by derogation from Article 36/14, respect any restrictions that may be set out to it by the foreign authority as to the possibility of passing on the information thus received.

4° Where the Bank has serious grounds to suspect that acts infringing the provisions of Directive 2014/65/EU or

Regulation 600/2014 are being or have been committed on the territory of another Member State, it shall inform the competent authority of that other Member State, the European Securities and Markets Authority and also the FSMA, about those acts in as detailed a manner as possible. § 2. In the execution of § 1, the Bank may refuse to follow up a request for information, investigation, on-the-spot verification or monitoring if:

- following up such a request is liable to threaten Belgium's sovereignty, security or public order, or
- legal proceedings have already been initiated for the same charges against the same persons in Belgium, or
- these persons have already been tried irrevocably for the same charges in Belgium.

In these cases, it shall inform the competent applicant authority and the European Securities and Markets Authority of the situation, by providing them, if necessary, with as much detailed information as possible about the procedure or the judgment in question.

§ 3. As regards the competences referred to in § 1, without prejudice to the obligations that rest on it in legal proceedings of a penal nature, the Bank may only use the information that it has received from a competent authority or from the FSMA for the purposes of monitoring respect for the conditions of access to the business of the institutions subject to its supervision pursuant to Article 36/2 and in order to facilitate supervision, on an individual or consolidated basis, of the conditions for carrying out this business, impose sanctions, in the context of an administrative appeal or legal action taken against a decision by the Bank, in the framework of the extrajudicial mechanism for settling investors' complaints. § 4. Paragraphs 1 and 2 shall also apply, according to the conditions determined in the cooperation agreements, in the context of cooperation with the authorities of third States.

§ 5. The FSMA is the authority that acts as the single point of contact in charge of receiving requests for exchange of information or cooperation in execution of § 1 for matters that come under its remit.

The Minister shall notify the European Commission, the European Securities and Markets Authority and the other Member States of the European Economic Area accordingly.

Art. 36/18. – Without prejudice to Articles 35 and 36/13 to 36/15, and to the provisions of specific laws, the Bank and the FSMA shall conclude cooperation agreements with the Control Office of mutual health funds and national unions of mutual health funds on the subject of supplementary health insurance practised by the mutual insurance companies referred to in Articles 43*bis*, § 5, and 70, §§ 6, 7 and 8, of the Law of 6 August 1990 on mutual insurance companies and national unions of mutual insurance companies. The Bank shall have the same power of investigation in order to verify whether, within the framework of a cooperation agreement concluded with a foreign authority and in respect of the substantive points indicated in the written request from that authority, an operation or activity carried out in Belgium is envisaged by the laws and regulations whose application that foreign authority is responsible for supervising.

The person or institution concerned shall communicate that information within the deadline and in the form specified by the Bank.

The Bank may verify or have verified in the books and documents of interested parties the accuracy of the information communicated to it.

The penalties and fines imposed pursuant to this article shall be recovered in favour of the Treasury by the Federal Public Service Finance's General Administration of Tax Collection and Recovery.

Art. 36/20. – § 1. The following shall be punishable by a prison term of between one month and one year and by a fine of between € 250 and € 2 500 000 or by one of these penalties alone:

– those who hamper the Bank's investigations pursuant to the present Chapter or who knowingly provide it with inaccurate or incomplete information;

– those who knowingly, through declarations or otherwise, intimate or allow it to be believed that the operation or operations that they carry out or intend to carry out are conducted under the conditions stipulated by the laws and regulations whose application is supervised by the Bank, whereas those laws and regulations either do not apply to them or have not been respected by them.

§ 2. The provisions of Book I of the Penal Code shall, without the exception of Chapter VII and Article 85, be applicable to the infringements referred to in § 1.

Each of the parties may lodge his/her/its written comments with the Registry of the Brussels Court of Appeal and consult the dossier there on the spot.

The Market Court shall determine the term within which the comments are required to be produced. The Registry shall notify the parties of them.

§ 4. Within five days after registration of the petition, the Registry of the Brussels Court of Appeal shall request the Bank to forward the procedure dossier. The dossier shall be forwarded within five days after receipt of the request.

Art. 36/23. – With a view to requesting enforcement of the criminal law, the Bank is authorised to intervene, at any stage of the proceedings, before the criminal court to which an infraction punishable by this Law or by a law charging the Bank with supervision of its provisions has been referred, without the Bank thereby being required to demonstrate the existence of any prejudice. The Bank monitors compliance by central counterparties of the provisions of Chapters 1 and 3 of Title IV of Regulation 648/2012, with the exception of Article 33 of Regulation 648/2012, which falls within the competence of the FSMA.

Pursuant to Chapter 2 of Title IV of Regulation 648/2012, the Bank shall control the admission criteria and their application pursuant to Article 37 of Regulation 648/2012 in order to ensure that they are sufficient to control the risk to which those central counterparties are exposed, without prejudice to the powers conferred on the FSMA by Article 22, § 5 of the Law of 2 August 2002.

§ 5. The Bank shall provide the FSMA with all relevant and useful information on the operational requirements defined in Chapter 1 of Title IV of Regulation 648/2012 in order to allow the FSMA to exercise the powers conferred on it by Articles 31 (1) and 31 (2) of Regulation 648/2012.

The Bank shall consult with the FSMA when assessing the professional integrity of natural persons who will be members of the statutory administrative body of the central counterparty, the board of directors, or, if there is no board of directors, of the natural persons who will be responsible for the effective running of the credit institution, if these persons are being proposed for the first time for positions of this kind in a financial company which is subject to the Bank's supervision pursuant to Article 36/2.

Any natural or legal person who has taken the decision either to acquire, directly or indirectly, a qualifying holding in a central counterparty, or to increase, directly or indirectly, his qualifying holding in a central counterparty,

must give the Bank advance notice in accordance with Regulation 648/2012. The Bank shall assess this notification in accordance with the provisions of Regulation 648/2012 and after consultation with the FSMA where the potential purchaser is a regulated company subject to supervision by the FSMA.

The Bank shall publish the list referred to in Article 32 (4) of Regulation 648/2012.

§ 6. The provisions of this Article and of its implementing Decrees shall be without prejudice to the powers of the Bank as laid down in Article 8 of this Law.

§ 7. Pursuant to the second subparagraph of Article 22 (1) of Regulation 648/2012, the Bank shall coordinate cooperation and the exchange of information with the Commission, the European Securities and Markets Authority (ESMA), other Member States' competent authorities, the European Banking Authority (EBA) and the relevant members of the European System of Central Banks (ESCB), in accordance with Articles 23, 24, 83 and 84 of Regulation 648/2012.

The Bank is in particular responsible for monitoring compliance by the counterparties referred to in paragraph 1, with Title II of Regulation 648/2012 concerning the clearing obligation, reporting obligation and risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty and with Article 37 (3) of Regulation 648/2012 in respect of the financial resources and the operational capacity required to perform the activity of clearing member in accordance with Regulation 648/2012.

Art. 36/25ter. – Non-compliance with the provisions of Regulation 648/2012 and/or its implementing provisions by a central counterparty, a financial counterparty or a non-financial counterparty which is subject to the Bank's supervision in accordance with Article 36/2 of this Law, may give rise to the application of measures by the Bank and the imposition of the administrative fines and penalties laid down in this Law and in the specific laws applicable to the institutions which are subject to the Bank's supervision.

Art. 36/26. – § 1. As settlement institutions, the following may provide clearing services in respect of transactions on a Belgian regulated market or, on Belgian territory,

provide such services in respect of transactions on a foreign regulated market:

1° institutions with registered office in Belgium that are authorised as credit institutions;

2° the branches established in Belgium of foreign credit institutions

3° institutions recognised as central depositaries pursuant to Royal Decree 62 of 10 November 1967 on promotion of the circulation of securities;

4° institutions designated by the King to provide settlement services for transactions in dematerialised securities pursuant to Article 468 of the Company Code;

5° institutions not established in Belgium that, in their home country, are subject to a legal status and supervision deemed equivalent by the FSMA and the Bank.

§ 2. The Bank is charged with the prudential supervision of the settlement institution designated in Article 4 of the Law of 2 January 1991 on the national debt securities market and monetary policy instruments, and its implementing Decrees, of settlement institutions that are recognised as central depositaries pursuant to the aforementioned Royal Decree 62 of 10 November 1967 as well as of those designated by the King to provide settlement services in respect of transactions in dematerialised securities pursuant to Article 468 of the Company Code. Upon recommendation of the Bank, the King may determine:

1° the rules, as well as the corrective measures, regarding prudential supervision by the Bank of institutions as referred to in § 1 that are not credit institutions established in Belgium;

2° the minimum requirements in respect of organisation, operation, financial position, internal control and risk management applicable to institutions as referred to in § 1 that are not credit institutions established in Belgium.

§ 3. The provisions of the present article and of the Decrees issued implementing them shall not impair the competence of the Bank as laid down in Article 8. Upon recommendation of the Bank, the King may determine:

1° the standards regarding the supervision of settlement systems;

2° the obligation on the settlement institution to disclose information requested by the Bank;

3° coercive measures where the settlement institution no longer satisfies the standards laid down or where the obligation to disclose has not been observed.

§ 4. With the agreement of the Minister, the Bank may conclude agreements with competent foreign supervisory authorities, on the basis of reciprocity, on more detailed rules for cooperation in respect of supervision and the mutual exchange of information.

§ 5. The King may extend the application of the present article to the settlement of transactions on other organised markets.

§ 6. Before any decision is taken on the opening of bankruptcy proceedings or on a provisional removal of a case within the meaning of Article 8 of the Law of 8 August on bankruptcies with respect to a settlement institution as referred to in § 1, 3° or 4°, the president of the Commercial Court shall submit to the Bank a request for an opinion. The clerk of the court shall transmit this request immediately. He shall inform the Crown prosecutor.

The Bank shall submit the case to the court in writing. This request shall include the items necessary for information.

The Bank shall hand down its opinion with fifteen days from the date of receipt of the request for an opinion. In the event of a procedure relating to a settlement institution that it deems liable to have major systemic implications or which requires prior coordination with foreign authorities, the Bank may hand down its opinion within a longer timeframe, on condition however that the total period does not exceed thirty days. When it considers that it must make use of this exceptional period, the Bank shall inform the court called upon to decide. The period that the Bank has in which to hand down its opinion shall serve to suspend the period in which the court must rule. If the Bank has not responded within the period specified, the court may decide on the request.

The opinion of the Bank shall be in writing. It shall be transmitted by any means to the clerk, who shall hand it over to the president of the Commercial Court and the Crown prosecutor. The opinion shall be annexed to the dossier.

§ 7. As regards the application of paragraphs 2 to 6, the following shall be deemed equivalent to settlement institutions:

1° institutions established in Belgium whose business consists in providing full or partial operational management of services provided by settlement institutions as

referred to in § 1, including when the latter are credit institutions established in Belgium;

2° credit institutions established in Belgium whose business consists exclusively in providing custody, account maintenance and financial instrument settlement services, as well as associated non-banking services, apart from the business activities referred to in Article 1, § 3, 1° of the Law of 25 April 2014 on the legal status and supervision of credit institutions and stockbroking firms when these activities are ancillary or related to the above-mentioned services.

The institutions referred to in paragraph 1 are required to obtain an authorisation from the Bank. Upon the recommendation of the Bank and the FSMA, the King shall notably regulate, both on a consolidated and non-consolidated basis, the conditions and procedures for the granting of the authorisation and for maintaining the authorisation of these institutions by the Bank, including the conditions that persons who are in charge of the actual management and persons who hold a major stake must meet. The Bank may authorise an institution equivalent to a settlement institution to provide other services than the services referred to in paragraph 1, 2°, and it shall determine the conditions for such authorisation.

Upon the recommendation of the Bank, the King may, in compliance with Belgium's international obligations, apply totally or partially the rules referred to in paragraphs 1 and 2 to institutions established abroad whose business consists in providing full or partial operational management of services provided by settlement institutions as referred to in § 1 which are established in Belgium, including when the latter are credit institutions established in Belgium.

§ 8. The present article shall not apply to the Eurosystem central banks, nor to the settlement institutions or to institutions equivalent to settlement institutions that they manage.

Art. 36/27. – § 1. When an institution as referred to in Article 36/26, § 1, 3°, or an equivalent institution as referred to in Article 36/26, § 7, is not operating in accordance with the provisions of this Law and of the decrees issued implementing them, when its management or financial position are of a nature to call into question the performance of its obligations or do not offer sufficient guarantees for its solvency, liquidity or profitability, or when its management structures, its administrative or accounting organisation or its internal audit reveal serious shortcomings such that the stability of the Belgian or international financial system is likely to be affected, the King

may, by Decree deliberated in the Council of Ministers, either upon the Bank's request, or on own initiative, after receiving the Bank's opinion, lay down any act of disposal, in favour of the State or any other person, Belgian or foreign, a public or private legal entity, notably any act of disposal, sale or capital investment with regard to:

1° assets, liabilities or one or more branches of activity and, more generally, all or part of the rights and obligations of the institution concerned, including proceeding to transfer client assets consisting of financial instruments governed by coordinated Royal Decree 62 on the deposit of fungible financial instruments and the settlement of transactions in these instruments, as well as underlying securities held with depositories in the name of the institution concerned, just as proceeding with the transfer of resources, notably information technology resources, necessary for processing transactions concerning these assets and the rights and obligations relating to such processing;

2° securities or shares, representative or not of the capital, with or without voting rights, issued by the institution concerned.

§ 2. The Royal Decree taken pursuant to paragraph 1 shall fix the compensation to be paid to the owners of the property or to the right-holders subject to the transfer specified by the Decree. If the transferee designated by the Royal Decree is a person other than the State, the price payable by the transferee under the terms of the contract concluded with the State shall pass to the said owners or right-holders as compensation, according to the distribution formula defined by the same Decree.

Part of the compensation may be variable as long as this part is determinable.

§ 3. The institution concerned shall be notified of the Royal Decree taken pursuant to paragraph 1. Furthermore, the measures provided for in this Decree shall be announced by publication of a notice in the *Moniteur belge / Belgisch Staatsblad*.

As soon as it has received the notification referred to in paragraph 1, the organisation shall lose the right to dispose of the assets referred to in the acts of disposal provided for by the Royal Decree.

§ 4. The acts referred to in paragraph 1 may not be subject to non-invocability pursuant to Articles 17, 18 or 20 of the Law of 8 August 1997 on bankruptcies.

Notwithstanding any conventional provision to the contrary, the measures determined by the King pursuant to

the first paragraph may not have the effect of modifying the terms of a contract concluded between the institution and one or more third parties, or of terminating such a contract, nor of giving any of the parties concerned the right to terminate it unilaterally.

As regards the measures decreed by the King pursuant to paragraph 1, any statutory or contractual authorisation clause or pre-emption clause, any option to buy from a third party, as well as any statutory or contractual clause preventing a change in the supervision of the institution concerned, shall be ineffective.

The King has the power to make any other rules that are necessary for the proper execution of the measures taken pursuant to paragraph 1.

§ 5. The civil liability of persons, acting in the name of the State or upon its request, intervening in the framework of the measures referred to in this Article, incurred as a result of or in relation to their decisions, acts or conduct in the context of these measures is limited to cases of fraud or gross negligence concerning them. The existence of gross negligence must be assessed taking account of the concrete circumstances of the case, and in particular the urgency with which these persons were confronted, the practices on the financial markets, the complexity of the case, threats for the protection of savings and the risk of damage to the national economy due to the failure of the institution concerned.

§ 6. All disputes that might arise as a result of the measures referred to in this article, as well as the liability referred to in paragraph 5, are subject to the exclusive jurisdiction of the Belgian courts, which only apply Belgian law.

§ 7. For the purposes of applying collective labour agreement 32*bis* concluded on 7 June 1985 within the National Labour Council, concerning the safeguarding of employees' rights in the event of a change of employer as a result of a conventional company transfer and governing the rights of employees taken on in the event of a takeover of assets following bankruptcy, acts committed pursuant to paragraph 1, 1°, are considered as acts committed by the settlement institution or equivalent institution itself.

§ 8. Without prejudice to the general principles of law that it could invoke, the board of directors of the institution concerned may derogate from the statutory restrictions to its management powers when one of the specific circumstances laid down in paragraph 1 is liable to affect the stability of the Belgian or international financial system. The board of directors shall draw up a special report justifying the use of this provision and setting out the

decisions taken; this report shall be sent to the general meeting within two months.

Art. 36/28. – § 1. For the purposes of this Article, the following definitions shall apply:

1° Royal Decree: the Royal Decree deliberated in the Council of Ministers that shall apply to the extent of Article 36/27, § 1;

2° transfer act: the transfer or other ownership transfer act provided for in the Royal Decree;

3° the court: the Brussels Court of First Instance;

4° the owners: the natural persons or legal entities that, on the date of the Royal Decree, are the owners, or the right-holders, of the assets or shares subject to the transfer act;

5° the third-party transferee: the natural person or legal entity other than the Belgian State that, according to the Royal Decree, is called on to acquire the assets or shares, or rights, subject to the transfer act;

6° the compensation: the indemnification that the Royal Decree fixes in favour of the owners in compensation for the ownership transfer act.

§ 2. The Royal Decree shall enter into force on the day of publication in the *Moniteur belge / Belgisch Staatsblad* of the judgment referred to in paragraph 8.

§ 3. The Belgian State shall lodge with the office of the clerk of the court a petition with the purpose of stating that the ownership transfer act is in conformity with the law and that the compensation is deemed to be fair, taking account notably of the criteria referred to in paragraph 7, 4th indent.

On pain of extinction, the petition shall contain:

1° the identity of the settlement institution or equivalent institution concerned (hereafter “the institution concerned”);

2° if necessary, the identity of the third-party transferee;

3° justification for the transfer from the point of view of the criteria laid down in Article 36/27, § 1;

4° the compensation, the bases on which this has been determined, notably as regards the variable part from which it is composed and, if necessary, the key for distribution of the capital between the owners;

5° if necessary, the authorisations required from the public authorities and all the other suspensive conditions to which the transfer act is subject;

6° if necessary, the price agreed with the third-party transferee for the assets or shares subject to the transfer act and the mechanisms for revising or adjusting this price;

7° indication of the day, month and year;

8° the signature of the person representing the Belgian State or the State’s lawyer.

A copy of the Royal Decree shall be attached to the petition.

The provisions of Part IV, Book II, Title *Vbis* of the Legal Code, including Articles 1034*bis* to 1034*sexies* are not applicable to the petition.

§ 4. The proceedings introduced by the petition referred to in paragraph 3 excludes all other simultaneous or future appeals or actions against the Royal Decree or against the transfer, with the exception of the request referred to in paragraph 11. By virtue of the filing of the petition, there shall be no grounds for any other proceedings, directed against the Royal Decree or the act of disposal, that may have been previously introduced and still pending before another legal or administrative jurisdiction.

§ 5. Within seventy-two hours of the filing of the petition referred to in paragraph 3, the president of the court shall fix, by court order, the day and time for the hearing referred to in paragraph 7, which must take place within seven days following the filing of the petition. This order shall reproduce the entire wording specified in paragraph 3, second indent.

The order shall be notified by the clerk’s office by judicial letter to the Belgian State, the institution concerned as well as the third-party transferee, as the case may be. It shall be published simultaneously in the *Moniteur belge / Belgisch Staatsblad*. This publication shall qualify as notification to any possible owners other than the institution concerned.

Within twenty-four hours of the notification, the institution concerned shall also publish the order on its website.

§ 6. Until the pronouncement of the judgment referred to in paragraph 8, the persons referred to in paragraph 5,

second indent, may consult the petition referred to in paragraph 3 as well as its appendices, free of charge, at the clerk's office.

§ 7. During the hearing set by the president of the court and at any later hearings that the court may deem useful to arrange, the court shall hear the Belgian State, the institution concerned, as the case may be, the third-party transferee as well as the owners who intervene voluntarily in the proceedings.

By derogation from the provisions of Chapter II of Title III of Book II of the fourth Part of the Legal Code, no person other than those referred to in the previous paragraph may intervene in the proceedings.

After having heard the observations of the parties, the court shall verify whether the ownership transfer act is in conformity with the law and whether the compensation is deemed to be fair.

The court shall take account of the actual situation of the institution concerned at the time of the ownership transfer act, and notably of its financial situation such as it was or would have been had the public aid from which it benefited, either directly or indirectly, not been granted. For the purposes of application of this paragraph, advances of emergency liquidity and guarantees granted by a statutory corporate body shall be deemed similar to public aid.

The court shall pronounce by one and the same judgment that shall be handed down within twenty days following the hearing fixed by the president of the court.

§ 8. The judgment with which the court rules that the act of disposal is in conformity with the law and that the compensation is deemed to be fair, shall convey ownership of the assets or shares that are subject to the transfer act, albeit subject to the suspensive conditions referred to in paragraph 3, second indent, 5°.

§ 9. The judgment referred to in paragraph 8 is neither susceptible of appeal nor opposition nor third-party opposition.

It shall be notified by judicial letter to the Belgian State, the institution concerned as well as the third-party transferee, as the case may be, and shall be published simultaneously by extract in the *Moniteur belge / Belgisch Staatsblad*.

This publication shall qualify as notification to any possible owners other than the institution concerned, and makes the act of disposal valid with regard to third parties, without further formalities.

Within twenty-four hours of the notification, the institution concerned shall also publish the judgment on its website.

§ 10. Following notification of the judgment referred to in paragraph 8, the Belgian State or, as the case may be, the third-party transferee shall deposit the compensation at the *Caisse des dépôts et consignations / Deposito- en Consignatiekas* (Deposit and Consignment Office), without any formalities being required in this respect.

The Belgian State shall take steps to have a notice confirming the fulfilment of the suspensive conditions referred to in paragraph 3, second indent, 5°, published in the *Moniteur belge / Belgisch Staatsblad*.

As soon as the notice referred to in paragraph 2 has been published, the Deposit and Consignment Office is required to hand over to the owners, according to the terms and conditions laid down by the King, the amount of compensation consigned, without prejudice to any possible distraints or oppositions regularly made on the sum consigned.

§ 11. On pain of extinction, the owners may lodge with the court a request for review of the compensation, within a period of two months from the publication in the *Moniteur belge / Belgisch Staatsblad* of the judgment referred to in paragraph 8. This request shall have no effect on the transfer of ownership of the assets or shares that are subject to the transfer act.

For the rest, the request for review is provided for by the Legal Code. Paragraph 7, fourth indent, shall apply.

Art. 36/29. – With regard to central counterparties, settlement institutions or equivalent institutions, the Bank shall have the following powers of investigation for the execution of its task of supervision, as referred to in Articles 36/25 and 36/26 or for responding to requests for cooperation from competent authorities within the meaning of Article 36/14, § 1, 2° and 3°:

Art. 36/30. – § 1. The Bank may order any central counterparty, settlement institution or equivalent institution to comply with the provisions of Articles 36/25 and 36/26 or with the implementing Decrees thereof, within a period the Bank specifies.

Without prejudice to the other measures provided for by law, if the central counterparty, settlement institution or equivalent institution to which it has addressed an order pursuant to paragraph 1 fails to comply at the end of the period specified, and provided that that person has been heard:

1° make public its opinion with regard to the infringement or shortcoming concerned;

2° impose the payment of a fine which may not be less than € 250 nor higher than € 50 000 per calendar day, nor exceed € 2 500 000 in total;

3° appoint a special auditor to a central counterparty, settlement institution or equivalent institution with registered office established in Belgium whose authorisation shall be required for the acts and decisions that the Bank determines.

In urgent cases, the Bank may take the measures as referred to in paragraph 2, 1° and 3°, without prior order pursuant to paragraph 1, provided that the institution has been heard.

§ 2. Without prejudice to other measures laid down by law, the Bank may, where, pursuant to Articles 36/9 to 36/11, it establishes an infringement of the provisions of Articles 36/25 and 36/26 or the implementing Decrees thereof, impose an administrative fine on the offender that, for the same offence or same totality of offences, shall not be less than € 2 500 and not more than € 2 500 000. Where the infringement has resulted in the offender obtaining a capital gain, that maximum shall be raised to twice the capital gain and, in the event of a repeat offence, to three times the capital gain.

§ 3. The penalties and fines imposed pursuant to §§ 1 or 2, shall be recovered in favour of the Treasury by the

Federal Public Service Finance's General Administration of Tax Collection and Recovery.

Art. 36/31. – § 1. The following shall be punishable by a prison term of between one month and one year and by a fine of between € 50 and € 10 000 or by one of these penalties alone:

1° those that, in Belgium, carry out clearing or settlement activities in respect of financial instruments, without being authorised to do so pursuant to Articles 36/25 and 36/26 or where that authorisation has been withdrawn;

2° those that contravene the provisions laid down pursuant to Articles 36/25 and 36/26, and indicated by the King in the relevant Decrees;

3° those that hamper the investigations and expert appraisals of the FSMA pursuant to the present chapter, or knowingly provide it with incorrect or incomplete information.

§ 2. The provisions of Book I of the Penal Code shall, without the exception of Chapter VII and Article 85, be applicable to the infringements referred to in § 1.

Chapter IV/3 – Tasks of the Bank in the context of its contribution to the stability of the financial system

Annex 3 Corporate Governance Charter⁽¹⁾

1. Introduction

The National Bank of Belgium, established by the Law of 5 May 1850 to take on tasks in the public interest, has always had a special governance structure, deviating from ordinary law. Designed from the start to enable the Bank to perform its tasks in the public interest, this special system of governance has evolved in line with the role and objectives assigned to the Bank as the country's central bank.

Today, as the central bank of the Kingdom of Belgium, the Bank – together with the European Central Bank (ECB) and the central banks of the other European Union Member States – is one of the components of the European System of Central Banks (ESCB), set up by the Treaty on the Functioning of the European Union (the Treaty).

By that token, it is governed first of all by the relevant provisions of the Treaty (Title VIII of Part Three) and by the Protocol on the Statute of the ESCB and of the ECB which is annexed to the Treaty, and then by the Law of 22 February 1998 establishing the Organic Statute of the National Bank of Belgium (Organic Law), and its own Statutes, approved by Royal Decree.

The provisions relating to public limited liability companies are applicable only additionally, i.e. in respect of subjects not governed by the Treaty, the Protocol annexed to it, the Organic Law and the Bank's Statutes, and provided the provisions on public limited liability companies do not clash with those higher level rules.

As a central bank, it shares the main objective which the Treaty assigns to the ESCB, namely maintaining price stability. It contributes towards the performance of the basic tasks of the ESCB which consist in defining and implementing the monetary policy of the European Union, conducting foreign exchange operations in accordance with Article 219 of the Treaty, holding and managing the official foreign exchange reserves of the Member States, and promoting the smooth operation of payment systems.

In addition, it is entrusted with microprudential supervision (governing credit institutions and investment firms with the status of stockbroking firm, insurance and re-insurance companies, central counterparties, settlement institutions, payment institutions, electronic money institutions and surety companies) as well as macroprudential policy in Belgium and with the performance of other tasks in the public interest, on conditions laid down by the law or its implementing regulations, subject to compatibility with the tasks which come under the ESCB.

The pre-eminence of its tasks in the public interest, present from the start and now anchored in the Treaty on the Functioning of the European Union, is reflected in a system of governance whose very objectives are different from those of the governance of a company incorporated under ordinary law.

First, in accordance with the Treaty, it has to ensure that the rules which govern it are compatible with those of the Treaty itself, and with the Statute of the ESCB, including the requirement concerning the independence of the Bank and of the members of its decision-making bodies in the exercise of their powers and the performance of their tasks, assigned to them by the Treaty and the Statute of

(1) Latest amendments: 17 January 2017.

the ESCB, in respect of the institutions and bodies of the European Union, governments and all other bodies.

Next, in its governance, the Bank has to reserve a dominant position for the expression of the interests of Belgian society as a whole. That explains, in particular, the arrangements for appointing members of its organs, the specific composition and role of the Council of Regency, the limited powers of the General Meeting of Shareholders, the special arrangements for the exercise of supervision, including the powers of the representative of the Finance Minister and those of the Board of Censors, and the way in which the Bank reports on the performance of its tasks. That also explains the provisions governing the financial aspects of its activities, intended to give it a sound financial basis and to allocate to the State, as a sovereign State, any surplus seigniorage revenue, after covering costs, including the constitution of required reserves and return on capital.

The Bank's special tasks and its specific, unique role in Belgium caused the legislator to give this institution its own particular legal framework and a special form of governance.

This explains that a number of provisions in the Belgian Corporate Governance Code, which is based on the management model of a common-law partnership with a monistic board of directors, accountable to the General Meeting of Shareholders and whose members may be dismissed *ad nutum*, obviously do not apply to the Bank.

Nevertheless, the Bank considers that the system of governance imposed on it partly by its own Organic Law and Statutes, and partly by EU rules, is just as exacting as the recommendations of the Belgian Corporate Governance Code, or even more so in various respects, such as oversight.

It believes that, even though the Belgian Corporate Governance Code is inappropriate to the Bank, it is its duty, in view of its dual status as a central bank and a listed company, to accept an obligation to provide extensive information and report on its activities to the public in general. That is the spirit in which it has drawn up this Corporate Governance Charter.

2. Organisation, governance and supervision of the Bank

2.1 Comparison of the allocation of powers at the Bank and in limited liability companies governed by ordinary law

The table on the next page shows the atypical character of the Bank's organisation.

The Bank's organs are the Governor, the Board of Directors, the Council of Regency, the Board of Censors, the Sanctions Committee and the Resolution College (cf. Article 17 of the Organic Law).

Functioning of the European Union, as well as a yearly report on the activities of the Bank in the field of prudential supervision. He may be heard by the competent committees of the Chamber of Representatives and of the Senate, at the request of those committees or on his own initiative.

He represents the Bank in legal proceedings.

He submits proposals to the Board of Directors on the allocation of the departments and services among the Board's members, and on the representation of the Bank in national and international organisations and institutions.

He also has a seat on the ECB Governing Council, which decides *inter alia* on the monetary policy for the euro area.

APPOINTMENT

The Governor is appointed by the King for a renewable term of five years. He may be removed from office by the King only if he has been guilty of serious misconduct or if he no longer fulfils the conditions required for the performance of his duties. An appeal may be lodged with the Court of Justice against such a decision, on the initiative of the Governor or of the ECB Governing Council.

Thus, the EU and Belgian legislation ensures the personal independence of the Governor, both by the length of his term of office and by the restrictions on his removal from office.

2.3.2 Board of Directors

POWERS

The Governor and the Directors jointly exercise their powers as members of the Board of Directors.

The Board of Directors is a collegiate body, responsible for the administration and management of the Bank in accordance with the Organic Law, the Statutes and the Rules of Procedure, and is in charge of the direction of its policy.

The Governor and the Directors each have authority over one or more of the Bank's departments and services. They ensure that the latter implement, within the framework of their respective duties, the decisions taken by the organs.

The Board of Directors appoints and dismisses the members of staff and determines their salaries.

It has the right to make settlements and compromises. It exercises regulatory power in the cases laid down by law.

In Circulars or Recommendations, it lays down all measures with a view to clarifying the application of the legal or regulatory provisions whose application the Bank supervises. It provides opinions to the various authorities that exercise legal or regulatory power on all draft legislative or regulatory acts relating to the supervisory tasks with which the Bank is or may be charged.

It pronounces on all matters which are not expressly reserved for another organ by law, the Bank's Statutes or Rules of Procedure.

It draws up the budget and prepares the Annual Report and the annual accounts, which it submits to the Council of Regency for approval.

It decides on the investment of the capital, the reserves and the amortisation accounts after consultation with the Council of Regency and without prejudice to the regulations adopted by the ECB.

It proposes the Bank's Rules of Procedure for the approval of the Council of Regency.

The Bank's Board of Directors therefore exercises the powers of administration, management and strategic direction of the enterprise which are delegated to the administrative board in public limited liability companies governed by ordinary law, as well as the actual management powers.

It is not accountable for its activities to the General Meeting, which has no power to give it a discharge; instead, it is accountable to the Council of Regency to which it submits the Annual Report and the annual accounts. The approval of the annual accounts by the Council of Regency constitutes a discharge for the members of the Board of Directors.

COMPOSITION

The Board of Directors is composed of the Governor and five to seven Directors. It includes an equal number of French and Dutch speakers, with the possible exception of the Governor. The members of the Board of Directors must be Belgians.

The Directors are appointed by the King, on a proposal of the Council of Regency. The method of nominating the Directors was specifically designed by law in 1948 to emphasise the character of the Bank's activities as tasks performed in the public interest.

The Directors are appointed for a renewable term of six years.

The King confers the title of Vice-Governor on one of the Directors. The Vice-Governor replaces the Governor if the latter is unable to perform his duties, without prejudice to Article 10.2. of the Statute of the ESCB.

In order to avoid any conflict of interests, the Organic Law stipulates that, except in a limited number of specified instances, the members of the Board of Directors may not perform duties in commercial companies or companies which are commercial in form, or in public institutions engaged in industrial, commercial or financial activities. They are also prohibited from taking on certain political posts (as members of a parliament, government or ministerial cabinet).

The members of the Board of Directors may be removed from office by the King only if they have been guilty of serious misconduct or if they no longer fulfil the conditions required for the performance of their duties.

Thus, the Organic Law ensures the personal independence of the members of the Board of Directors, both by the length of their term of office and by the restrictions on their removal from office.

FUNCTIONING

The functioning of the Board of Directors is governed by the Organic Law, the Statutes and the Rules of Procedure.

The Board of Directors meets whenever circumstances dictate, and at least once a week. In urgent cases determined by the Governor, except for adopting regulations, it may take decisions by written procedure or by using a voice telecommunications system.

If a member of the Board of Directors has, directly or indirectly, an interest relating to proprietary rights which conflicts with a decision or transaction within the sphere of competence of the Board of Directors, he informs the other members before the Board deliberates. He does not attend discussions concerning that transaction or decision and does not take part in the voting. His declaration and the reasons underlying the conflicting interest are entered in the minutes of the meeting. The Board of Directors describes in the minutes the nature of the decision or transaction, justifies the decision taken and specifies the implications in terms of proprietary rights of that decision for the Bank. Those minutes are included in the Annual Report for the year in question.

The Director concerned also informs the auditor of his conflicting interest. The auditor's report must contain a separate description of the implications in terms of proprietary rights for the Bank resulting from Board of Directors decisions involving a conflicting interest within the meaning of the previous paragraph.

2.3.3 Council of Regency

POWERS

The Council of Regency exchanges views on general issues relating to the Bank, monetary policy and the economic situation of the country and the European Union, supervisory policy with regard to each of the sectors subject to the Bank's supervision, Belgian, European and international developments in the field of supervision, as well as, in general, any development concerning the financial system subject to the Bank's supervision; without however having any competence to intervene at operational level or take note of individual dossiers. Every month, it takes note of the institution's situation.

It has power to lay down the accounting rules for all aspects of the annual accounts which are not covered by the provisions of the Bank's Organic Law and are not mandatory for the compilation of the consolidated balance sheet of the Eurosystem. It approves the expenditure budget and the annual accounts. It has the power, as an independent body, to set the Bank's reserve and dividend policy. It determines the final distribution of the profits proposed by the Board of Directors and ensures that the financial interests of the Bank, its shareholders and the State, as a sovereign State, are taken into account in a balanced manner.

It approves the Annual Report.

It amends the Statutes of the Bank in order to bring them into line with the Organic Law and the international obligations which are binding on Belgium.

On a proposal from the Board of Directors, it lays down the Rules of Procedure, containing the basic rules for the operation of the Bank's organs and the organisation of its departments, services and outside offices, and the code of conduct which must be respected by the members of the Board of Directors and the staff.

It appoints and dismisses the Secretary and the Treasurer.

The Council of Regency has the power to set remuneration policy and fix the salaries of the members of the

Board of Directors, including the Governor, of the Council of Regency and the Board of Censors. More detailed information about the remuneration policy and salaries is provided on an annual basis in the remuneration report which forms part of the Corporate Governance Statement included in the Annual Report.

The Council of Regency therefore exercises certain powers which, in companies governed by ordinary law, are reserved for the Board of Directors, and others reserved for the General Meeting of Shareholders. This is a very special organ which introduces an element of duality into the Bank's governance structure. Composed predominantly of non-executive members, the Council of Regency plays a key role in the appointment of Directors, remuneration and supervision, and does so on a more continuous basis than the special committees of ordinary companies, in view of the frequency of its meetings.

In regard to the budget, including the patronage funds, the Council of Regency is assisted by the Budget Committee and the Special Fund Committee.

The Budget Committee has power to examine the Bank's budget before it is approved by the Council of Regency. It is chaired by a member of the Board of Censors and otherwise comprises three Regents, two other Censors, the representative of the Minister of Finance, and, in an advisory capacity, the Director responsible for the Controlling Department. This committee meets on a yearly basis. It may call on the General Secretariat Department to provide its secretariat.

The Special Fund Committee has the competence to examine the allocation of the Bank's Special Patronage Fund before it is approved by the Council of Regency. It is chaired by the Governor and otherwise comprises two Regents, two Censors and one member of the Board of Directors. This committee meets on a yearly basis. It may call on the General Secretariat Department to provide its secretariat.

In the performance of its duties in relation to remuneration and appointments, the Council of Regency is assisted by the Remuneration and Appointments Committee. The Remuneration and Appointments Committee Regulations, annexed to this Charter, define the powers, composition and functioning of that committee.

COMPOSITION

The Council of Regency is composed of the Governor, the Directors and ten Regents. It includes an equal number of French- and Dutch-speaking Regents.

The Regents are elected by the General Meeting for a renewable term of three years, on the basis of dual lists of candidates. Two Regents are chosen on the proposal of the most representative labour organisations, three on the proposal of the most representative organisations from industry and commerce, from agriculture and from small and medium-sized enterprises and traders, and five on the proposal of the Minister of Finance.

The method of appointing the Regents has been organised in a special way. In the preparations for the Law of 28 July 1948 which amended the Organic Law and reorganised the Bank, the legislator expressed its desire that the method of appointing the Directors and Regents should ensure both the Bank's total independence vis-à-vis individual interests and the technical competence of the candidates. The procedure for proposing the Regents was designed to ensure that the various Belgian socio-economic interests were fairly represented.

In order to avoid any conflict of interests, the Organic Law stipulates that the Regents may not be members of the administrative, management or supervisory bodies of an institution subject to the supervision of the Bank, a Belgian institution or institution established in Belgium subject to the supervision of the ECB or a subsidiary of one of these institutions subject to the supervision of the ECB, nor may they perform management duties in such an institution or take on certain political posts (as members of a parliament, government or ministerial cabinet).

The Regents may be dismissed by the General Meeting of Shareholders deciding by a majority of three-quarters of the votes of the shareholders present, holding at least three-fifths of the shares.

FUNCTIONING

The functioning of the Council of Regency is governed by the Organic Law, the Statutes and the Rules of Procedure.

The Council of Regency meets at least twenty times a year and passes its decisions by a majority of the votes. In urgent cases determined by the Governor, the Council of Regency may take decisions by written procedure or by using a voice telecommunications system.

If a member of the Council of Regency has, directly or indirectly, an interest relating to proprietary rights which conflicts with a decision within the sphere of competence of the Council of Regency, he informs the other members before the Council deliberates. He must not attend discussions concerning that decision, or take part in the voting. In particular, the Governor and the Directors are not

permitted to attend the discussions and take part in the voting concerning the approval of the annual accounts.

2.3.4 Board of Censors

POWERS

The Board of Censors' task is to supervise the preparation and implementation of the Bank's budget. In that context, it regularly takes cognisance of the activities of the Internal Audit Service. Its chairman informs the Council of Regency of those activities each year and answers its questions on the subject.

The Board of Censors is also the Bank's Audit Committee. By that token, the tasks assigned to the Board of Censors include taking charge, in an advisory capacity, of the monitoring of the process of preparing the financial information, the monitoring of the effectiveness of the internal control and risk management systems, the monitoring of the statutory audit of the annual accounts and the examination and the monitoring of the independence of the auditor.

Once a year, the Audit Committee reports to the Council of Regency on the performance of its duties. It also reports to the Council of Regency on all matters arising from the performance of its duties which are relevant for the approval of the annual accounts and the Annual Report, and for the drafting of the accounting rules by the Council of Regency. The Audit Committee reports to the Board of Directors on all aspects relevant to the reliability of the financial information, the proper operation of internal control, risk management and the internal audit, and the independence of the auditor.

COMPOSITION

The Board of Censors is composed of ten members. It includes an equal number of French and Dutch speakers. The Censors are elected by the General Meeting of Shareholders for a renewable term of three years. They are chosen from among persons with particular expertise in auditing.

In order to avoid any conflict of interests, they may not take on certain political and parliamentary duties. The majority of Censors may not be members of the administrative, management or supervisory bodies of an institution subject to the supervision of the Bank, a Belgian institution or institution established in Belgium subject to the supervision of the ECB or a subsidiary of

one of these institutions subject to the supervision of the ECB, nor may they perform management duties in such an institution.

The Censors may be dismissed by the General Meeting of Shareholders deciding by a majority of three-quarters of the votes of the shareholders present, holding at least three-fifths of the shares.

FUNCTIONING

The functioning of the Board of Censors is governed by the Organic Law, the Statutes and the Rules of Procedure. The rules on its functioning as an Audit Committee are also set out in the Audit Committee Regulations. The Rules of Procedure and the Audit Committee Regulations are annexed to this Charter.

The Board of Censors meets at least eight times a year. Its resolutions are adopted by a majority of the votes.

2.3.5 Sanctions Committee

POWERS

The Sanctions Committee pronounces on the imposition by the Bank of administrative fines laid down by the laws applicable to the institutions that it supervises. The rules of procedure for the imposition of administrative fines are set out in the Organic Law.

COMPOSITION

The Sanctions Committee is composed of six members appointed by the King:

1° a State counsellor or honorary State counsellor, appointed on a proposal from the First President of the Council of State;

2° a counsellor at the Court of Cassation or honorary counsellor at the Court of Cassation, appointed on a proposal from the First President of the Court of Cassation;

3° two magistrates who are neither counsellors at the Court of Cassation, nor at the Brussels Court of Appeal;

4° two other members.

The chairman is elected by the members of the Sanctions Committee from among the persons mentioned in 1°, 2° and 3°.

For the three years preceding their appointment, the members of the Sanctions Committee may not have been on either the Board of Directors of the Bank or the Resolution College of the Bank, or a member of the Bank's staff.

During the course of their mandate, members may not carry out any duties whatsoever or any mandate whatsoever in an institution subject to the supervision of the Bank or in a professional association representing institutions subject to the supervision of the Bank, nor may they provide services for a professional association representing institutions subject to the supervision of the Bank.

They are also prohibited from taking on certain political posts (as members of a parliament, government or ministerial cabinet).

The mandate of the members of the Sanctions Committee is six years and renewable. Members may be removed from office by the King only if they no longer fulfil the conditions for the performance of their duties or if they have been guilty of serious misconduct.

FUNCTIONING

The functioning of the Sanctions Committee is governed by the Organic Law, the Statutes and the Rules of Procedure which it has adopted.

The Sanctions Committee meets whenever the chairman deems necessary. Its decisions are passed by a majority of the votes.

Members of the Sanctions Committee may not deliberate in a case in which they have a personal interest that may influence their opinion.

2.3.6 Resolution College

POWERS

The Resolution College is the body competent to perform the tasks of the resolution authority authorised to apply the resolution instruments and to exercise the resolution powers in accordance with the legislation on the status and supervision of credit institutions.

COMPOSITION

The Resolution College is composed of the following persons:

- 1° the Governor;
- 2° the Vice-Governor;
- 3° the Director of the Service in charge of the prudential supervision of banks and stockbroking firms;
- 4° the Director of the Service in charge of prudential policy and financial stability;
- 5° the Director designated by the Bank as the person responsible for resolution of credit institutions;
- 6° the President of the Management Committee of the Federal Public Service Finance;
- 7° the official in charge of the Resolution Fund;
- 8° four members designated by the King by Royal Decree deliberated in the Council of Ministers; and appointed in view of their particular expertise in banking and financial analysis; and
- 9° a magistrate designated by the King.

The Chairman of the Financial Services and Markets Authority attends Resolution College meetings in an advisory capacity.

The persons referred to in 8° and 9° are appointed for a renewable term of four years. These persons can be relieved of their duties by the authorities which have appointed them only if they no longer fulfil the conditions necessary for their role or in the event of serious misconduct.

Members of the Resolution College may not take on certain political posts (as members of a parliament, government or ministerial cabinet).

FUNCTIONING

The functioning of the Resolution College is governed by the Organic Law, the Royal Decree of 22 February 2015 and the Rules of Procedure which it has adopted.

Unless it is unable to do so, the Resolution College meets at least four times a year and whenever circumstances dictate or whenever three of its members

request a meeting. Its decisions are passed by a majority of the votes. In urgent cases determined by its chairman, the Resolution College may take decisions by written procedure or by using a voice telecommunications system.

In the event of a conflict of interests, the member concerned refrains from taking part in the deliberations and the voting on the agenda items in question.

2.4 Other institutions of the Bank

2.4.1 General Meeting

POWERS

The Ordinary General Meeting hears the Annual Report on the past year and elects the Regents and the Censors for the offices which have become vacant, in accordance with the stipulations of the Organic Law. It appoints the external auditor. It amends the Statutes in cases where that power is not reserved for the Council of Regency.

The General Meeting deliberates concerning the matters mentioned in the convening notice and those submitted to it by the Council of Regency or by the Board of Censors.

The Organic Law does not confer organ status on the General Meeting, whose powers are limited.

COMPOSITION

The General Meeting is composed of the shareholders who have fulfilled the legal formalities for admission to the general meeting of a listed company.

The General Meeting represents the totality of the shareholders.

FUNCTIONING

The General Meeting is chaired by the Governor. The Ordinary General Meeting is held on the third Monday in May or, if that is a public holiday, on the next bank working day. An Extraordinary General Meeting may be convened whenever the Council of Regency deems fit. A meeting must be convened if the number of Regents or of Censors falls below the absolute majority, or if it is requested either by the Board of Censors or by shareholders representing one-tenth of the capital stock.

Before the meeting is opened, the shareholders sign the attendance register.

The function of scrutineers shall be performed by the two shareholders present who own the largest number of shares, who do not form part of the administration and who accept this duty.

Each share confers entitlement to one vote.

All resolutions are passed by an absolute majority of the votes. If the votes are equally divided, the proposal is rejected. Voting will take place either electronically, by roll call, by a show of hands, or by ballot papers. Elections or dismissals take place by secret ballot.

Decisions passed in accordance with the rules are binding on all the shareholders.

Minutes are drawn up in respect of each meeting. They are signed by the tellers, the chairman and the other members of the bureau. They are published on the Bank's website. Exemplified copies and extracts to be issued to third parties are signed by the Secretary.

2.4.2 Representative of the Minister of Finance

Except as regards the tasks and operations within the domain of the ESCB, the tasks of prudential supervision and the tasks of the Bank in contributing to the stability of the financial system, the representative of the Minister of Finance supervises the Bank's operations, and suspends and brings to the attention of the Minister of Finance any decision which is contrary to the law, the Statutes or the interests of the State. If the Minister of Finance has not given a decision within one week of the suspension, the decision may be implemented.

The representative of the Minister of Finance attends, *ex officio*, in an advisory capacity, the meetings of the Council of Regency and the Board of Censors.

He attends the General Meetings when he deems fit.

He reports to the Minister of Finance each year on the performance of his duties.

Via his representative, the Minister of Finance thus exercises, on behalf of the sovereign State, supervision over the Bank's activities in regard to tasks in the national interest.

The salary of the representative of the Minister of Finance is set by the said Minister in consultation with the management of the Bank, and is paid by the Bank.

2.4.3 Auditor

The auditor performs the auditing functions prescribed by Article 27.1 of the Protocol on the Statute of the ESCB and of the ECB, and reports to the Council of Regency on those activities. He certifies the annual accounts. He also performs certification functions for the attention of the ECB auditor.

He reports to the Works Council once a year on the annual accounts and the Annual Report. He certifies the accuracy and completeness of the information supplied by the Board of Directors. He analyses and explains, particularly for the members of the Works Council appointed by the employees, the economic and financial information submitted to this Council, in terms of its significance in relation to the financial structure and the assessment of the Bank's financial position.

The auditor is appointed on the basis of a procedure in accordance with the public procurement legislation to which the Bank is subject. He is then appointed by the General Meeting of the Bank on the proposal of the Works Council. He must be approved by the EU Council of Ministers, on the recommendation of the ECB.

2.4.4 Works Council

Pursuant to the Law of 20 September 1948 on the organisation of the economy, the Bank has a Works Council, a joint consultation body composed of representatives of the employer and representatives of the staff, elected every four years.

The main function of the Works Council is to give its opinion and formulate any suggestions or objections in regard to all measures which could change the working arrangements, working conditions and efficiency of the enterprise.

Specific economic and financial information is made available by the Board of Directors, in accordance with the law.

2.5 Mechanisms for controlling the activities

A series of control mechanisms ranging from operational to external controls govern the Bank's activities and operations,

ensuring that they proceed smoothly with due regard for the set objectives and in accordance with the dual concern for security and the economical use of resources.

The control requirements applicable to the Bank on account of its tasks as the country's central bank and its membership of the ESCB differ from, and extend beyond, those laid down in the Belgian Corporate Governance Code recommended for public limited liability companies governed by ordinary law.

From the point of view of the general management of the enterprise, the Board of Directors is responsible for establishing an internal control system and for ensuring its adequacy.

This internal control system is based on the concept of three lines of defence.

The departments and autonomous services take on *primary responsibility* for the actual operation of the internal control system. That involves:

- identifying, assessing and attenuating the risks of their entities;
- establishing adequate internal control and management systems in order to control the risks of their entities within the risk tolerance limits set by the Board of Directors;
- ensuring that their entities respect the objectives, policies and internal control.

Secondary responsibility for the actual operation of the internal control system rests with the members of the Board of Directors designated for this purpose:

- as regards financial risks, the Director-Treasurer is responsible for the Middle Office, which is in charge of identifying, assessing, managing and reporting on the risks resulting from the Bank's portfolio management activities. The Middle Office reports monthly and quarterly to the Board of Directors via the Director-Treasurer.
- as regards non-financial risks, the member of the Board of Directors designated for this purpose is responsible for Operational Risk Management (ORM), Business Continuity Management (BCM), the compliance function, information security, secondary aspects of physical security and of activities concerning banknotes.

The Internal Audit Service takes on *tertiary responsibility* for the actual operation of the internal control system.

The Internal Audit Service is tasked with giving the Board of Directors additional assurance, based on the highest degree of organisational independence and objectivity, concerning the effectiveness of the Bank's governance, risk management and internal control, including the attainment of the risk management and control objectives by the first and second lines of defence.

In order to guarantee its independence vis-à-vis the departments and services, the Internal Audit Service comes directly under the Governor and does not carry any direct operational responsibility. It reports to the Board of Directors and the Audit Committee.

The head of the Internal Audit Service is a member of the Internal Auditors Committee (IAC) of the ESCB. The Internal Audit Service conforms to the methodology, objectives, responsibilities and reporting procedure laid down within the ESCB, including those in the Eurosystem/ESCB Audit Charter approved by the ECB Governing Council. An Internal Audit Charter, approved by the Board of Directors and the Council of Regency on the proposal of the Audit Committee, describes the role of the audit function, its responsibilities and the powers conferred on it for the performance of its tasks.

Certain control functions are performed by specific administrative entities (e.g. the management of access to computer systems), while structural conflicts of interest are resolved by segregating the activities concerned (system of Chinese walls): thus, for example, the operation and oversight of the payment systems are entrusted to two different departments

The Board of Censors supervises the preparation and implementation of the budget and takes note of the activities of the Internal Audit Service. Every year, its chairman informs the Council of Regency and answers its questions.

As the Bank's Audit Committee, the Board of Censors is responsible, in an advisory capacity, for the monitoring of the effectiveness of the internal control and risk management systems and the monitoring of the Bank's internal audit.

To that end, the Audit Committee periodically examines, in accordance with a plan which it draws up, the internal control and risk management systems set up by the various departments and services. It ensures that the main risks, including the risks relating to compliance with the current legislation and rules, are correctly identified, managed and drawn to its own attention and to that of the Board of Directors. The Audit Committee also examines the notes contained in

the Annual Report concerning internal control and risk management.

The Audit Committee examines the effectiveness of the internal audit. It examines the internal audit charter and verifies whether the Internal Audit Service has the resources and expertise appropriate to the nature, size and complexity of the Bank. Where appropriate, it makes recommendations on this subject to the Board of Directors. Before the internal audit's programme of work is approved by the Board of Directors, the Audit Committee examines that programme, taking account of the complementarity with the work of the statutory auditor. The Audit Committee receives the internal audit reports or a summary thereof, and the quarterly report of the internal audit. It examines the extent to which the departments and services take account of the internal audit's findings and recommendations. At the request of the Board of Directors, the Audit Committee gives its opinion concerning the profile of the internal audit officer.

The Audit Committee also assesses the relevance and consistency of the accounting rules drawn up by the Council of Regency.

The Council of Regency approves the annual accounts, the annual budget, the accounting rules and the rules on the Bank's internal organisation. It consults the Audit Committee before approving the annual accounts, and may ask this committee to examine specific questions on that subject and report back to it.

The Bank is also subject to various external controls.

The first form of control is provided by the auditor, who verifies and certifies the Bank's accounts.

Except as regards the tasks and operations within the domain of the ESCB, the tasks of prudential supervision and the tasks of the Bank in contributing to the stability of the financial system, the representative of the Minister of Finance supervises the Bank's operations on the behalf of the Minister. The latter in fact has the right to monitor those operations and to oppose the implementation of any measure which would be contrary to the law, the Statutes or the interests of the State.

In addition, the Governor may be heard by the competent committees of the Chamber of Representatives and of the Senate, at the request of those committees or on his own initiative.

Finally, pursuant to the Statute of the ESCB and of the ECB, the Bank acts in accordance with the directions and

instructions of the ECB. The Governing Council takes the necessary measures to ensure compliance with those directions and instructions, and requires all necessary information to be supplied to it.

2.6 Rules of conduct

A code of conduct imposes strict rules of behaviour on the members of the Board of Directors and on the Bank's employees.

The members of the Board of Directors maintain the highest standards of professional ethics.

The members of the Bank's organs and staff are subject to strict professional secrecy pursuant to Article 35 of the Organic Law. They are also subject to the legal rules on insider trading and market manipulation.

The members of the Council of Regency – namely, the Directors and the Regents – and the members of the Board of Censors have a legal obligation to submit an annual list of their mandates, duties and occupations to the Court of Audit. In addition, they are bound to make an annual wealth declaration, unless there have been no appointments, terminations or renewals in the past year with regard to the mandates, duties and occupations that they have to declare.

The Bank's code of conduct lays down rules for members of the Board of Directors and of its staff on the holding of and transactions in the Bank's shares and shares or parts issued by certain enterprises subject to supervision by the Bank or the ECB, and rules on urgent withdrawals concerning certain enterprises subject to supervision by the Bank or the ECB. The Chairman of the Sanctions Committee and the competent Director exercise supervision over compliance with these provisions, respectively by the members of the Board of Directors and by the members of staff.

The Regents and Censors do not effect any transactions, for their own account or on behalf of a third party, in shares of the Bank or financial instruments relating to those shares during the annual closed period of thirty calendar days before publication of the annual accounts. Outside of those fixed closed periods, they exercise prudence in trading in the Bank's shares and refrain at all times from any speculative transaction in those shares. They also respect the closed periods fixed *ad hoc* by the Board of Directors.

2.7 The Secretary and the Treasurer

The Secretary draws up the minutes and the records of the meetings of the Board of Directors and of the Council of Regency. He draws up the minutes of the general meeting of shareholders and has them signed by the chairman of the general meeting, the scrutineers and the other members of the bureau. He certifies copies conforming to the original. He deals with changes to the Bank's Rules of Procedure.

Under the Bank's internal control system based on the concept of three lines of defence, the Treasurer carries secondary responsibility for the management of all financial risks.

3. Shareholders

3.1 Capital and shares

The Bank's share capital totals ten million euro. It is represented by four hundred thousand shares of no face value. Two hundred thousand registered, non-transferable shares are held by the Belgian State. The two hundred thousand other registered, bearer or dematerialised shares are held by the public and listed on Euronext Brussels.

The share capital is fully paid up.

Except for those belonging to the State, the shares can be converted to registered or dematerialised shares, free of charge, at the owner's request.

Ownership of the registered shares is established by entry in the Bank's shareholders register. The registered shareholder receives a certificate which does not constitute a transferable instrument. Dematerialised shares are represented by an account entry in the name of their owner or holder with an authorised intermediary or with the settlement institution, S.A. Euroclear Belgium.

3.2 Shareholder structure

Since 1948, and pursuant to the Organic Law, the Belgian State has held two hundred thousand of the Bank's shares, or 50% of the total voting rights.

The Bank has no knowledge of other holdings of 5% or more of the voting rights.

3.3 Dividends

The setting of the dividends is organised by the Organic Law. A first dividend of 6 % of the capital is guaranteed by all reserves. The second dividend corresponds to 50 % of the net proceeds from the portfolio which the Bank holds as a counterpart to its total reserves. The second dividend is guaranteed by the available reserve, unless the level of the reserves were to fall too low as a result.

In view of the special nature of the Bank and its tasks in the public interest, including the primary objective of maintaining price stability, the dividend is largely dissociated from profit or loss. In this way, the shareholder is protected against the volatility of the Bank's results, which are influenced by the monetary policy of the Eurosystem and exogenous factors such as demand for banknotes or exchange rate movements.

4. Communication with shareholders and the public

4.1 Principles

As the country's central bank, the Bank performs special tasks in the public interest, on which it has to render account to the democratic institutions and to the public in general, and not only to its shareholders and employees.

4.2 Reports

Every year, the Bank publishes a Report providing the public with extensive information on recent economic and financial developments in Belgium and abroad. The summary presented by the Governor on behalf of the Council of Regency focuses on key events in the past year and delivers the Bank's main messages concerning economic policy.

Each year, the Bank also publishes a report on its activities in the field of prudential supervision, as well as a Corporate Report presenting for the shareholders' and the public's attention the Annual Report and the annual accounts for the preceding year and explaining the organisation and governance of the Bank.

These Reports are made available in printed form to the shareholders and the public. They are also published on the Bank's website, which offers all the Annual Reports issued since 1998.

The Bank is not subject to the rules governing the drawing up and issuing of periodical information.

4.3 Relations with Parliament

Pursuant to the Organic Law and the Statutes, the Governor may be heard by the competent committees of the Chamber of Representatives and of the Senate, at their request or on his own initiative. Annex 4 Rules of Procedure⁽¹⁾

Chapter I – Activities of the organs

Art. 1. – The Bank's organs are the Governor, the Board of Directors, the Council of Regency, the Board of Censors, the Sanctions Committee and the Resolution College.

Art. 2. – The Governor exercises his powers in accordance with the Organic Law, the Statutes and these Rules of Procedure.

He directs the Bank and its staff with the assistance of the Directors.

He submits proposals to the Board of Directors on the allocation among its members of authority over the departments, services and units, and on the representation of the Bank in national and international organisations and institutions.

Without prejudice to the preceding paragraphs and Article 4, the Governor exercises direct authority over the members of staff, whatever their grade or function.

Art. 3. – The King confers the title of Vice-Governor on one of the Directors. The Vice-Governor replaces the Governor if the latter is unable to perform his duties, without prejudice to Article 10.2 of the Statute of the ESCB.

Art. 4. – § 1. The Governor and the Directors jointly exercise their powers as members of the Board of Directors. The Board of Directors is responsible for the administration and management of the Bank in accordance with the Organic Law, the Statutes and these Rules of Procedure.

The Board of Directors is chaired by the Governor. In his absence, the Vice-Governor takes his place.

On the proposal of one of its members, the Board of Directors may invite one or more members of the Bank's staff, as well as one or more external experts, to attend all or part of a meeting. The invited persons do not participate in the decision-making process. If an invited member of staff or external expert has, directly or indirectly, an interest relating to proprietary rights which conflicts with a decision within the sphere of competence of the Board of Directors, he or she shall inform the Board of Directors before the board takes a decision.

Unless it is unable to do so, the Board of Directors meets at least once a week. It also meets whenever deemed necessary by the Governor, the Vice-Governor or two Directors.

Taking account of the requests made by members of the Board of Directors, the Secretary submits a draft agenda with the items for discussion at least three calendar days before the meeting. The Governor draws up the final agenda and may insert amendments with the agreement of the Directors concerned, by no later than the day before the meeting. After that deadline, no further items may be added to the agenda except with the approval of the Governor.

All documents intended to form the basis of decisions of the Board of Directors, and in particular notes from the services and departments concerning the items for discussion, are circulated to the Directors at least two calendar days before the meeting, except in urgent cases.

The Board of Directors may not deliberate unless the majority of its members are present. Except in urgent cases, no decision may be taken on items which are not entered

(1) Approved by the Council of Regency on 20 February 2008.
Latest amendments: 25 January 2017.

on the agenda. Resolutions are passed by a majority of the votes cast. If the votes are evenly divided, the Governor has the casting vote. If, in the Governor's absence, the votes are evenly divided, the proposal is rejected.

The minutes of the meetings of the Board of Directors contain a brief mention of the matters discussed and the decisions taken. In cases of dissent, the Directors may ask for the minutes to record their vote, with supporting reasons, or their opinion. Once the minutes have been approved, they are signed by the members present at the meeting to which the minutes relate. The Secretary is responsible for keeping the minutes.

When drafting the minutes concerning prudential matters, the Secretary is assisted by a member of the Legal Service who, for that purpose, attends meetings of the Board of Directors dealing with prudential matters. At meetings of the Board of Directors dealing with macro-prudential matters, the Secretary, when drafting the minutes, is assisted by a member of the *Prudential Policy and Financial Stability Service*. When drafting the minutes concerning other matters, the secretary is assisted by the General Secretariat Department.

§ 2. In duly reasoned urgent cases confirmed by the Governor, the Board of Directors may, except when adopting regulations, decide by the written procedure or by using a system of voice telecommunication.

In order to take a decision by voice telecommunication, all members must be called by the Governor or, in his absence, by the Vice-Governor. The decision is adopted by the majority of the votes, provided the voice telecommunication procedure enables the majority of the members of the Board of Directors to communicate in real time and to hold a collective discussion. Each member contacted may request the convening of a meeting of the Board of Directors or the application of the written procedure referred to in the following subsection.

In the case of the written procedure, the Governor or, in his absence, the Vice-Governor submits the text of the draft decision by post with advice of receipt. The text may also be submitted by fax, electronic mail or any other written process. When these communication facilities are used, the technical confirmation of sending counts as proof of receipt. Moreover, each member is notified personally, preferably by telephone, of the sending of the communication. The communication mentions the time available to the members for submitting their written agreement to the proposal. During that period, each member may request an oral discussion of the draft decision via a voice telecommunication procedure, or may request

the convening of a meeting of the Board of Directors. The proposal is approved by the Board of Directors if, within the period stated in the communication, all members have unanimously given their written approval.

Minutes are produced on all decisions taken by the procedures described in this paragraph.

§ 3. If a member of the Board of Directors has, directly or indirectly, an interest relating to proprietary rights which conflicts with a decision or transaction within the sphere of competence of the Board of Directors, he informs the other members before the Board deliberates. He does not attend discussions concerning that transaction or decision and does not take part in the voting. His declaration and the reasons underlying the conflicting interest are entered in the minutes of the meeting. The Board of Directors describes in the minutes the nature of the decision or transaction, justifies the decision taken and specifies the implications in terms of proprietary rights of that decision for the Bank. Those minutes are included in the management report for the year in question.

The Director concerned also informs the auditor of his conflicting interest. The auditor's report must contain a separate description of the implications in terms of proprietary rights for the Bank resulting from Board of Directors decisions involving a conflicting interest within the meaning of the previous paragraph.

§ 4. The Board of Directors exercises in respect of its members the authorisation and derogation powers provided for by the Bank's code of conduct.

Art. 5. – § 1. The Council of Regency discusses questions within its sphere of competence under the Organic Law, the Statutes and these Rules of Procedure.

It meets at least twenty times per year. In urgent cases, it holds an extraordinary meeting which is convened by the Governor.

Council of Regency resolutions are passed in accordance with Article 31.1 of the Statutes. Any discussion may be postponed to the next meeting at the request of the majority of the members present. In that case, the author is nonetheless permitted to submit the proposal without waiting.

Minutes of the discussions of the Council of Regency are kept in accordance with Article 31.2 of the Statutes.

§ 2. In urgent cases confirmed by the Governor, the Council of Regency may decide by the written procedure or by using a system of voice telecommunication.

In order to take a decision by voice telecommunication, all members must be called by the Governor or, in his absence, by the Vice-Governor. The decision is adopted by the majority of the votes, provided the voice telecommunication procedure enables the majority of the members of the Council of Regency to communicate in real time and to hold a collective discussion. Each member contacted may request the convening of a meeting of the Council of Regency or the application of the written procedure referred to in the following subsection.

In the case of the written procedure, the Governor or, in his absence, the Vice-Governor submits the text of the draft decision by post with advice of receipt. The text may also be submitted by fax, electronic mail or any other written process. When these communication facilities are used, the technical confirmation of sending counts as proof of receipt. Moreover, each member is notified personally, preferably by telephone, of the sending of the communication. The communication mentions the time available to the members for submitting their written agreement to the proposal. During that period, each member may request an oral discussion of the draft decision via a voice telecommunication procedure, or may request the convening of a meeting of the Council of Regency. The proposal is approved by the Council of Regency if, within the period stated in the communication, all members have unanimously given their written approval.

Minutes are produced on all decisions taken by the procedures described in this paragraph.

§ 3. In regard to the budget, including the patronage funds, the Council of Regency is assisted by the Budget Committee and the Special Fund Committee.

The Budget Committee has power to examine the Bank's budget before it is approved by the Council of Regency. It is chaired by a member of the Board of Censors and otherwise comprises three Regents, two other Censors, the representative of the Minister of Finance, and, in an advisory capacity, the Director responsible for the Controlling Department. This committee meets on a yearly basis. It may call on the General Secretariat Department to provide its secretariat.

The Special Fund Committee has the competence to examine the allocation of the Bank's Special Patronage Fund before it is approved by the Council of Regency. It is

chaired by the Governor and otherwise comprises two Regents, two Censors and one member of the Board of Directors. This committee meets on a yearly basis. It may call on the General Secretariat Department to provide its secretariat.

§ 4. In the performance of its duties in relation to remuneration and appointments, the Council of Regency is assisted by the Remuneration and Appointments Committee.

The Remuneration and Appointments Committee Regulations define the powers, composition and functioning of that committee.

§ 5. If a member of the Council of Regency has, directly or indirectly, an interest relating to proprietary rights which conflicts with a decision within the sphere of competence of the Council of Regency, he informs the other members before the Council deliberates. He must not attend discussions concerning that decision, or take part in the voting.

§ 6. The Regents do not effect, for their own account or on behalf of a third party, any transactions in shares of the Bank or financial instruments relating to those shares during the annual closed period of thirty calendar days before publication of the annual accounts. Outside of those fixed closed periods, they exercise prudence in trading in the Bank's shares and refrain at all times from any speculative transaction in those shares. They also respect the closed periods fixed *ad hoc* by the Board of Directors.

Art. 6. – § 1. The Board of Censors exercises its duties as an Audit Committee and its supervisory duties in regard to the preparation and implementation of the budget in accordance with the provisions of the Organic Law, the Statutes and these Rules of Procedure, and ensures that there are no conflicts between these duties that hinder their proper execution. The additional rules of operation regarding the Audit Committee are set out in the Audit Committee Regulations.

The Board of Censors meets at least eight times per year and whenever necessary, in which case it is convened by the Chairman. The Board passes its resolutions in accordance with the provisions of Article 33 of the Statutes.

Minutes are kept of the deliberations of the Board of Censors. Once these have been approved, they are signed by the members present at the meeting to which the minutes relate. The minutes are forwarded to the Bank's Secretary, either as a whole or in part, and communicated to the Board of Directors.

§ 2. The members of the Board of Censors do not effect, for their own account or on behalf of a third party, any transactions in shares of the Bank or financial instruments relating to those shares during the annual closed period of thirty calendar days before publication of the annual accounts. Outside of those fixed closed periods, they exercise prudence in trading in the Bank's shares and refrain at all times from any speculative transaction in those shares. They also respect the closed periods fixed *ad hoc* by the Board of Directors.

Art. 7. – The Sanctions Committee exercises its powers in accordance with the provisions of the law and the Rules of Procedure which it adopts in accordance with Article 36/8, § 8, of the Organic Law. Those Rules of Procedure describe its rules of operation and the rules on conduct applicable to its members.

The chairman of the Sanctions Committee exercises the powers of supervision over compliance with the Bank's code of conduct as described in that code.

The Bank provides the Sanctions Committee and its chairman with the staff and facilities required for the performance of their duties.

Chapter II – The Secretary and the Treasurer

Art. 8. – The Secretary, appointed by the Council of Regency in accordance with Article 43 of the Statutes, draws up the minutes and the records of the meetings of the Board of Directors and of the Council of Regency. He draws up the minutes of the General Meeting of Shareholders and has them signed by the chairman of the general meeting, the scrutineers and the other members of the bureau. He certifies copies conforming to the original. He deals with changes to the Bank's Rules of Procedure.

Art. 9. – Under the Bank's internal control system based on the concept of three lines of defence, the Treasurer, appointed by the Council of Regency in accordance with Article 43 of the Statutes, carries secondary responsibility for the management of all financial risks.

Chapter III – Organisation of the departments, services and offices

Art. 10. – The Board of Directors organises the head office in departments, services and units, specifying their functions. The resulting organisation chart is updated and published on the Bank's website.

On a proposal of the Governor, the Board of Directors allocates authority over the departments, services and units among the Directors. The Directors arrange for the departments, services and units under their authority to execute the decisions taken by the organs within their respective spheres.

The departments comprise services, units and/or groups. The departments, services, units and groups are run respectively by their head of department, head of service, head of unit or head of group. These are responsible for the management of their department, service, unit or group and the implementation of the decisions taken by the organs.

The Board of Directors may set up standing interdepartmental working groups, deciding their terms of office, appointing their members and designating their chairman.

Art. 11. – The outside offices (provincial branches) perform the tasks for which they have been given responsibility by the Board of Directors. These concern in particular decentralised operations coming under other departments or services, and local representation duties.

The office managers ensure the implementation of operating and security instructions and the maintenance of the building, equipment and furniture provided for the office. They inform the head office services without delay of any important facts concerning them.

The Board of Directors authorises one member of the staff of each office to replace the person in charge as his deputy. It also designates the persons whom the office manager may delegate to sign for him, in compliance with the rules.
